## Summary

Front-End Developer specialized in React and Next.js, building responsive, user-friendly apps with seamless integration between UI and REST APIs. Collaborates with backend and QA teams to deliver high-quality, scalable products. Passionate about clean code, modern design, and continuous learning through real projects.

## Education

Bachelor's Degree of Arts in Egyptology, Alexandria University

2023 : 2019

## Technical Skills

• Next.js	• JavaScript (ES6)	• Axios	• SCSS	• HTML5
• React	• TypeScript	• Formik	• Bootstrap	• Git
• React Router	• JS OOP	• Yup	• Tailwind CSS	• GitHub
• Redux Toolkit	• i18next	• CSS	• Shadcn/UI	• GitLab

## Work Experience

MB Alfa – Remote (HQ: UAE)

Internship (Apr 2025 - Jun 2025) – Full Time (Jun 2025 - Present)

### Key Achievements

- Made project responsive, added dark mode, and enabled dynamic theming.
- Fixed multiple bugs and added new pages using React.js.
- Migrated state management to Redux Toolkit with async thunks.
- Converted project to TypeScript, added proper typings/interfaces, and refactored state management from Context API to Redux Toolkit.
- Developed a scalable Chat App (initially using Loveable, then manually enhanced).

**Tech Stack:** React.js, Redux Toolkit, TypeScript, REST APIs, Formik, Yup, Axios, Tailwind, Shadcn/UI, Git, GitLab.

## Projects

### 1) Biscuit Factory System

Vercel Demo - GitHub Repo

Description: Factory Management System for managing production lines, inventory, staff, and quality reports.

Features: Single-page app, authentication, CRUD, dark mode, multilingual support, responsive design.

Technologies: React, TypeScript, Redux Toolkit, i18next, Formik, Yup, Tailwind, Shadcn/UI (Radix UI).

### 2) Task Flow

Vercel Demo - GitHub Repo

Description: Interactive to-do list app with authentication, quotes API, and animated UI for task tracking.

Features: Single-page app, Auth, CRUD, dark mode, animated backgrounds, responsive design, random quotes.

Technologies: React, TypeScript, Redux Toolkit, Axios, REST API, Tailwind, Daisyui, Formik, Yup, Bcryptjs.
